FOREWORD

To recall the joyous times spent in fitting ourselves in service for others, to honor those who labored to educate our minds physically, mentally, and spiritually, to bring the happy joys of school life to our readers when this is accomplished our purpose will have been reached.

DEDICATION

To Professor Wilmer L. Schoepflin, who as preceptor has won the respect and admiration of his boys, who as teacher and friend is appreciated by all, and whose quiet dignity and Christian principles have inspired many to walk closer to the Master, the Rainier Vista of 1940 is affectionately dedicated.

Our sincere appreciation is likewise extended to Mrs. Schoepflin whose thoughtfulness and friendly ways will long be remembered by the students of Auburn Academy.

IN MEMORIAM

MRS. J. T. SKAARE

"Nestled mid fir trees. . . ."

"We love thee for thy tender memories."

ADMINISTRATION

PRINCIPAL'S MESSAGE

To accomplish any worthwhile task, it is necessary to start. Someone has listed the different types of people as self-starters, those who have to be pushed in order to get them started, and those who warm up slowly with lots of missing.

Probably the greatest barrier between a young man and his life's work is not that he starts slowly, or that he doesn't show an abundance of enthusiasm, or that he isn't interested or interesting. It is the basic human fallacy of planning to start from some other place, and at some other time. Multitudes of young people would and could receive an education fitting them for service if they were willing to start from exactly where they are rather than where they hope to be at a given time.

Auburn is the place --- now is the time to start the preparation for the wider field of service.

Auburn Academy History

For twenty years now Auburn Academy has been in operation as the academic school of the Washington Conference. Auburn Academy replaced the two conference schools existing at the time, one at Mt. Vernon and the other to the south near Battle Ground.

Sufficient funds were raised at the 1919 campmeeting to complete a single unit administration building, comprising class rooms, chapel, kitchen, dining room, and also the girls' dormitory.

During the course of the second school year this building was leveled to the ground by fire. Not letting this discourage them, the people built the present administration building and the separate girls' dormitory. To make room for an increasing enrollment the girls' dormitory has twice been enlarged, first under Professor Shull's administration in 1925, and again under Professor Hubbs' administration in 1937.

In 1931-32 under the administration of Professor Green a modern boys' dormitory was erected replacing the old building. Each room has hot and cold water and all the floors are of hardwood.

Since 1937, under Professor Hubbs, many improvements have been made on the school and campus, and at the present time a new boiler has been purchased for installation this summer. Auburn is second to none in equipment, service and location, and we are proud of its high ideals. We are also thankful for faithful teachers who have so ably assisted us through these school years.

THE SENIOR CLASS

Four years ago, twenty-four bewildered freshmen entered the portals of Auburn Academy to begin training for a life of service for God and man.

During these four years, the persevering class has been added to and subtracted from until now there are forty-five seniors awaiting their diplomas with eagerness, but not without regret at leaving their beloved Alma Mater.

Along the way some have left us, but still more have decided to join our ranks and finish their schooling, preparatory to college, here in this modern School of the Prophets.

Today, no longer bewildered, but confident and secure with the love of God firmly instilled in their hearts, the seniors look forward with great anticipation to the soon coming days when they will go on to higher education or branch out in their various fields of service.

The graduating class of 1940, organized early in the second semester, February 8, choosing as their adviser, Professor R. L. Hubbs. Under his kindly and interested direction, the class has enjoyed many lively activities, which will be some of their most pleasant memories in years to come.

THE JUNIOR CLASS

*Here on the academy sea
Our ship three years has sailed.
It's passed through many a fog and storm
But never once has failed.*

*Our staunch crew has been altered
By many of life's strange fates,
Since first we lifted our anchor
To sail as true shipmates.*

*Just one more year of sailing
And our voyage here is o'er
Then our good ship will venture forth
On wider seas once more.*

*We forty-five young mariners,
See shining, from afar,
The light of opportunity
Which is our guiding star.*

*Soon into the Harbor of Service
Our Pilot's hand will guide,
Until this course is finished
And we stand by His side.*

ASSOCIATED STUDENTS

Let us look in on an ordinary meeting of the Associated Students of Auburn Academy:

President Ralph Maddox steps to the platform at twelve o'clock and calls the meeting to order. The other officers take seats behind him, and Albert West, "Sergeant at Arms" takes his place at the door. When the secretary has read the minutes of the last meeting the students stand and sing "Auburn, We Love Thee," and one of the group brings us a five-minute report of the past week's news.

Student discussion takes up the next few minutes as we decide on numerous business affairs. Before long someone says, "Mr. President, I move we adjourn." A vote is taken, and we march out two by two towards the dining room where the discussion is sometimes continued.

The Associated Students of 1939 and 1940 have accomplished things that will be long remembered. A campaign was held which furnished funds to buy an exceptionally fine grand piano, while many smaller items such as removing a dead tree, replacing a large globe on an outdoor lamp, and sending flowers, plants and greetings to those of our number who were ill or absent, were taken care of.

We are proud that we have a Students' Association that can accomplish things worthwhile.

SPIRITUAL

Missionary Volunteers

Our Missionary Volunteer Society, conducted by student leaders under the capable direction of Mrs. J. H. Broder and Prof. V. R. Jewett, constitutes an important phase of our Christian education. The progressive classes of the society train the students for work with the junior young people, as well as enlarge their own fields of interest. Mailing and distributing bands are actively engaged in doing their share to help fulfill our aim: "The gospel to all the world in this generation."

The Sabbath School

One of the leading spiritual organizations of the academy is our Sabbath School. Most of the executive offices are filled by students and there is an opportunity for everyone to take part in the weekly programs. The Sabbath School offers an education that is not obtained in the class room. It endeavors to train future workers for active service in the Lord's work. We aim to make our Sabbath School a soul-winning organization that will please the Lord.

A very helpful and interesting feature of our program each Sabbath is provided by the Sabbath School orchestra.

Ministerial Band

The Ministerial Band, with Elder Pease as adviser, is an organization which meets each Sabbath morning for study and practice in ministerial work. The preparation and delivery of Bible studies and talks, both in the band and in surrounding churches, as well as the experience gained in providing special music and singing of gospel songs is of great benefit in the training for future service.

REGINA CLUB OFFICERS
PRAYER BAND LEADERS

REGINA HALL

I am Regina Culture Club; and as I sit here where I can take in the glory of beautiful Mt. Rainier in the setting sun, I find myself drifting in memory back to a snowy mid-winter night's scene—the moon-lit setting for the Girls' Reception, which was crowned with success.

Then, through the mists, I see the charming little wife of the preceptor, seated beneath a dainty pink and blue umbrella with many packages around her. Yes, it was Mrs. Schoepflin's shower.

Again, I hear the chatter and glee of Tuesday night gym periods. Through the halls come floating the sounds of bubbling laughter and snatches of merry songs. Regina Hall is happy tonight.

Many feet shuffled from room to room and voices discussed taste and arrangements, which all went to make our "Open House" a perfect occasion.

As the mist rises, the most vivid and colorful event of the year appears—the Regina Girls' program. Sorry so many had to stand!

So, here's extending to each girl a hearty invitation to come and share with me treasured memories like these.

1. The girls take pride in keeping their rooms "homey" and neat at all times; each room reflects the personality of the girls themselves.

2. Every Tuesday evening the girls who wish to earn points for a school letter take part in athletics in the gym.

3. Our light and sunny spreadroom is the seat of many a jolly evening. Here the girls may have waffle feeds, lunches, or birthday parties.

4. Geneva Green, our first semester president, and her roommate out bicycling, a good way to earn points for a school letter.

5. Our monitors are on duty every evening. If you think you can get by without being noticed—well, just try it sometime!

CASA LOMA CLUB OFFICERS
KANGAROO COURT OFFICERS

GIBSON HALL

The Casa Loma Culture Club has just enjoyed its most prosperous and happy year. The first semester's highlight was the Casa Loma program. It provided an evening of superb entertainment for both young and old. The program showed the club members to be talented musicians, acrobats, and entertainers. The funds from this program enabled the club to install an electric clock for the improvement of the dormitory and the benefit of its members.

The second semester featured the Boys' Reception for the girls. Here the talents of the members shone again in the entertainment provided for the girls. Side lines such as the Boys' Open House and Basketball Tournament have been outstanding. The club furnished athletic equipment, supplied magazines and newspapers for the reading room, and renewed past projects.

They extend a hearty invitation to every boy of academy age to come and enjoy the influence of a Christian dormitory and to take part in the activities so much enjoyed by the boys who call Gibson Hall home.

CASA LOMA CLUB

1. The boys' rooms are attractive, homelike and conveniently equipped with hot and cold running water. Many pleasant memories will be long treasured as a result of associations formed there.

2. The tumbling team provides enjoyment and recreation for many boys. Its well-balanced acts have furnished entertainment for several programs.

3. Our prayer bands are a strong influence for good in the dormitories. Interesting meetings are held twice a week during morning worship period.

4. Baseball interest is increasing with the coming of spring,—replacing somewhat the enthusiasm manifested in basketball during the winter.

5. Six A. M.; the bugle sounds Reveille and the day begins.

TILLICUM CLUB OFFICERS

TILLICUM CLUB

The Tillicum Club is comprised of the village students that attend Auburn Academy, a loyal and happy group of enthusiastic young people. Once a month we meet for an evening of recreation and pleasant association which is supervised by our club adviser, Elder Pease.

Each year our group sponsors some improvement for the benefit of the school. This year we have constructed a horse-shoe court which has proved very popular.

Should you be fortunate enough to be a student at Auburn Academy next fall and you make your home in the village we welcome you to join our club.

RIDGELY RESIDENCE

BRODER RESIDENCE

MUSIC

ORCHESTRA

The Music Department, under the direction of Miss Parkinson, furnishes opportunity for those who wish to develop their musical talents. The piano pupils are organized into a Music Club which meets twice a month to study the lives and music of famous composers.

For the benefit of those interested in wind instruments, Mr. Cronenberger from Seattle comes to the academy once a week to give lessons.

This year we have had an unusually loyal and faithful group of students in our musical organization. They have done splendid work, and have not only given Saturday night programs at the school, but have furnished music on Sunday nights for evangelistic efforts in neighboring towns.

An educational institution in order to be successful must operate on a strictly business basis. Thus it is necessary that we have a business office to be responsible for that phase of the school. It is here that every financial transaction of the school is recorded.

The close of the month is a very busy time with statements to be issued both for the student accounts and for the shop accounts; ledger trial balances to get, and in operating statement to make; intermittently sums of money from accounts are receipted—in fact every day has its various and numerous business transactions with students, parents, and business men.

OFFICE

Under the able supervision of Professor Bringle, our library has, in the past two years, been improved and enlarged in a number of ways.

Several complete sets of current magazines have been bound and filed; also, two large sets of new Encyclopedias have been added to our stock of reference works.

The appearance of the library has been greatly improved this year by refinishing the walls, hanging drapes and pictures, and renovating the desks.

In these pleasant surroundings students have access to the reference and reading facilities necessary to education.

LIBRARY

ACTIVITIES

DINING ROOM

In order to maintain health, strength, endurance, and intelligence, a sufficient supply of good nourishing food is essential. It is the purpose of the culinary department to furnish a variety of simple but palatable dishes to growing students.

Auburn Academy is justly proud for the important part it plays in training students for life. In our modern and well-equipped kitchen, over forty girls, under the supervision of Mrs. Bringle, are given an opportunity to familiarize themselves with domestic arts and at the same time earn a portion of their expenses while at school.

Next to the kitchen is the dining room where one hundred and fifty hungry students eat three meals each day. In connection with the kitchen also is the well equipped bakery which furnishes the school with the required bakery goods.

In these excellent surroundings with pleasant school associates our young men and women have an opportunity to learn the little niceties that loom large in the lives of ladies and gentlemen.

KITCHEN

BAKERY

LAUNDRY

At the edge of the campus is located one of the busiest departments to be found at Auburn Academy. Our small but efficient laundry has not only provided work this year for seventeen active girls, but has, under the supervision of Mrs. E. Whitehouse, given them valuable training.

Although the laundry building is small, it is adequately equipped with an electrically operated washer, extractor, and small mangle, besides a steam heated dryer and a large mangle.

GREENHOUSE

Our small greenhouse, overseen by Mr. Winslow, provides a warm shelter for potted and garden plants which are used in beautifying our dining room and scenic spots of the campus such as our fish pond-rock garden, and triangle flower garden.

The flowers grown here often bring pleasure by providing a festive touch in the form of a boutonniere, corsage, or bouquets for special occasions.

FARM

The Academy farm, even though it does not take first place among our industries, is an important factor in making our institution the school with a well-balanced program.

Seven boys are employed on the farm performing a variety of duties such as milking cows, caring for the live stock, and planting and maintaining the garden which supplies the vegetables served in the cafeteria.

BOILER ROOM

Under the supervisoion of Mr. Percy Winslow the boiler room provides ample heat for the dormitories and the administration building.

The equipment consists of two low pressure boilers which furnish heat for the buildings, and a high pressure boiler which furnishes heat and hot water for the laundry and kitchen.

WOODSHOP

Auburn Academy is justly proud of its Wood Work Shop which through the years has been successful in building up one of the most complete lines of unfinished furniture in the Northwest.

The woodshop department has grown rapidly until, today, it occupies over four acres of floorspace, evaluates its equipment at \$5000, and manufactures approximately seventy-five different articles of furniture.

Lumber is brought from the mill to the plant, where it is cut and shaped on the various machines of the milling room. The parts which make up an article of furniture are assembled by a crew of workers who are trained to efficiency in one line of work. Advancement comes with increase of skill and the woodworking trade is learned thoroughly. Many of the products are finished in the painting department, which uses the spray and stencil method. In the shipping department, orders are made up, and two large trucks deliver the manufactured products to the customers; also, freight and express are used.

Because of this industry between sixty and seventy boys are able to earn a large portion of their expenses while attending the academy, and at the same time learn a useful occupation. To those who are progressive and willing to work the woodshop affords a rare opportunity for securing a Christian education.

Do You Remember?

*all the times
I've been up here
talked awhile then
gone away
feeling better
and now
it will be
some time
again
before I
come back
but if
I write
to you
then I
won't miss
you so much.
Love,
Geneva*

SEPTEMBER

17. Hello everybody! We're all ready to start.
18. A cordial welcome—Classes meet—No one works.
19. Freshmen begin to get homesick.
23. First Saturday night entertainment is pictures in chapel.
30. Captain Hook, deep sea diver, lectures.

OCTOBER

3. Harvest Ingathering field day—then sale. Dogs?
5. Peggy and Shirley treat the English III class with suckers.
7. Chief of Seattle Fire Department lectures. Be careful of that dynamite!—Oooh.
14. Girls' big sister-little sister party in gym.
15. Boys cruise on S. S. *Junior*. Girls have corn roast at Green River.
23. Piano campaign starts.
26. Elder Longacre spoke on religious liberty. How thankful we should be that we are Americans in America!
27. O happy day! Our first leave of absence week-end. Hi, dad! Hello, mother! It seems so good to be home!
30. Fall Week of Prayer begins. Elder Andreason is our guest speaker.

NOVEMBER

4. What do you know about chemistry? Lyceum program.
9. Professor Hubbs departs for Berrien Springs.
11. Musical—songs of all nations.
18. Moving pictures, "Glass."
21. Student Body Banquet.
22. We observe the new "Democrat" Thanksgiving. Good-bye now.
26. Glad to see you all back. Mrs. Hubbs goes to visit sister at St. Helena.

DECEMBER

2. Boys' Pay Program. We had a "tumblin'" good time.
14. Professor Hubbs hastily drives to California.
17. Winter frolic 'neath a silver moon. To be sure,—the Girls' Reception.
19. Christmas parties in both dormitories. Boys serenade girls.
20. Good bye. "Merry Christmas and a happy new year." "Same to you."

JANUARY

1. "Oh, I'm sleepy." Professor Hubbs returns.
6. "Little Men."
17. Boys' Club eat exclusively. Second semester officers of Regina and Casa Loma Clubs inaugurated.
24. I have a headache. Why? Semester exams.
25. "Hurrah, hurrah! 400 subs we'll bring." Annual campaign launched. Get busy, Silas. And home again for a few days.
28. Those who didn't go home enjoyed a gambol and frolic on Mount Rainier.

FEBRUARY

3. Flossie falls in soap barrel while washing woodwork. Bonnie gets black eye?!
8. The Honorable Seniors massed themselves for organization. Officers announced!
16. Elder Rice speaks in vespers. "Is it true? Is it necessary? Then say it in love."
17. Hearts, hearts! Our valentine progressive party progresses.
24. Subdiggers and Subchasers alternately enjoy moving pictures and skating.
29. Senior pictures taken. "Watch the birdie and *smile*."

MARCH

2. Monkey business. Did you recognize your kin?
3. Elder Griggs worships with us for two days.
6. Juniors organize. Then "smile pretty"—click.
8. A "*grand*" piano!
9. Girls find appropriate personal signs on their doors upon returning from a musical program.
11. Culture week is in progress. Brush up your barrel, Silas.
15. The student body voted the following as the most fitting boy and girl for each title:

Betty Spaulding	- - - - -	Culture	- - - - -	Satoru Morikone
Orabelle McGhee	- - - - -	Personality	- - - - -	Ernest Broder
Peggy Vello	- - - - -	Grooming	- - - - -	Ralph Maddox
17. Girls study period cut short. "Happy birthday, 'Mom Lindy,' happy birthday to you!"
20. Boys' Open House. How many easter eggs did you find?
21. That long-looked-for spring vacation.
30. Girls' Pay Program featuring "Captain January." Milkmaids made ther debut.

APRIL

1. Senior breakfast—"Seniorita" burned.
2. The northern lights are visbile.
6. The Junior program was "Tundra," a walkin', talkin' picture. The Freshmen and Sophomores go to bed. Seniors and Juniors head for gym and fun.
11. Seniors are dinner guests of Professor and Mrs. Hubbs.
13. Concerteers entertain. Of special interest was the new mysterious voiceless Therimin with a voice!!
18. One of the highlights of the Regina Club was the Girls' Open House.
19. Elder Schaffner conducts spring Week of Prayer.
20. Tillicum Club presents "Major Lofgren" and his famous amateurs.
26. Fifteen new A. A. sweaters appear.
27. Spring has sprung! Miss Parkinson presents spring musical.

MAY

2. Excitement! Flames and water collide as sawdust explodes.
6. Annual School picnic.
9. Junior-Senior picnic. Sunburn?!!
12. Boys' Reception.
23. Class night.
24. Senior consecration service.
25. Baccalaureate and Commencement.

Autographs

Dear Mrs Butcher.

We've been friends for quite awhile.

I'm glad I've known you. & Now I thank you for all your motherly advice in time of need. Also I want to thank you for the wonderful pic I've had at your place.

May God bless you in your daily life so that you may help others as you have me. Let us prepare so we can be friends in Heaven where Good-byes are never said.

A true friend
Laurence Johnson

DESCRIPTIVE

The buildings consist of two separate dormitories, in addition to the administration building, a gymnasium, woodwork shop, laundry and engine room, commodious garages, and five cottages for the teachers.

The location of the school is unusually attractive, on the edge of a plateau overlooking the Green River valley, with snow-covered Olympics visible to the west, and beautiful Mount Rainier dominating the landscape toward the east. The buildings are set in a campus of several acres, which is inset with numerous flowers and shrubs, fringed on three sides with evergreen trees of various kinds. The academy farm consists of about 100 acres, much of which is improved and growing good crops. We have several acres in garden of various kinds, besides the area used for hay, oats, corn, potatoes, and vegetables. A chicken house shelters an excellent flock of hens which supplies our kitchen with fresh eggs. A commodious barn houses a herd of twenty fine Jersey cows that supply our table with rich milk and cream.

The administration building contains, in addition to offices, music studios, and smaller class rooms, four large class rooms and a spacious chapel seating more than two hundred. Another large room is devoted to the library of two thousand five hundred volumes.

CO-OPERATION

Parents are requested to read carefully all regulations and suggestions, so that in placing their children in Auburn Academy they may do so with a full knowledge of the requirements. They are urged to give the principal and faculty their hearty support and co-operation in upholding the regulations of the school. This they can do by granting no permissions that will in any way interfere with the routine, and by showing to their children that the principal and faculty have their complete confidence and approval.

STUDENT ACTIVITIES

In connection with the academy are a number of organizations, religious and social, which give the students opportunity to develop leadership and their talents of speaking and writing, as well as training in various kinds of missionary work.

Most prominent of these is the Missionary Volunteer Society, conducted throughout the school year by the students, and working in harmony with the General Department. Many active bands carry on the work of this organization, including the Master Comrade, Literature, and Sunshine bands. These bands tend greatly to stimulate missionary activities among the students.

The academy Sabbath School is conducted largely by the students, assisted by teachers.

The students of the academy have developed an organization known as the Associated Student Body of Auburn Academy. The purpose of this organization is to promote the social and cultural interests of the student body.

THE STUDENT'S PLEDGE

It is distinctly understood that every student who presents himself for admission to this school thereby pledges himself to observe its regulations, and live in harmony with its ideals and purposes. Unless he is willing to do this freely and without reservation, he will not be admitted to the school. If this pledge is broken, he will be retained only by the sufferance of the faculty for such time as he is not a serious detriment to others. Students who fail to respond to appeals addressed to their manhood and womanhood or sense of honor, and those whose influence is found to be harmful, will not be allowed to remain in the school even if they have been guilty of no specially culpable offense. On the other hand the faculty pledges the parents that they will faithfully endeavor, to the limit of their ability, to help young people who seem not to appreciate the privilege and responsibilities that come to them. No student will be lightly dropped from the school, and parents may be assured that their children will be given every opportunity to develop Christian characters as long as they show a desire to co-operate with the teachers toward that end.

GENERAL REGULATIONS

The following are the result of years of experience in the schools of this denomination:

No student is retained who uses tobacco in any form. Nor can we tolerate profane or indecent language, disorderly conduct, card playing, gambling, dancing, improper associations, the possessing or reading of novels and story-magazines, visiting of pool rooms or other places of detrimental influence.

Attending the theater, moving-picture show or any other entertainment of an objectionable character, interferes with the student's work and exerts a wrong influence in the school. It is therefore forbidden.

The seventh day is observed as the Sabbath, and a proper quiet and decorum is required of all students. Engaging in unnecessary work or improper recreation on this day is out of harmony with the spirit of the institution and is not permitted.

Young men and women may associate in a frank, manly and womanly manner at times and in places that are proper and in harmony with the spirit of the school; but sentimentalism, note writing, flirting, strolling together about the grounds or elsewhere, loitering about the campus or sitting together in public service are not permitted because they are not conducive to the best progress in study or to the good name of the school.

As this academy was established for the purpose of giving a distinctly Christian education, no student is tolerated in its membership who either publicly or secretly seeks to disseminate immoral or atheistic ideas among his fellow-students or who is antagonistic to the principles of the institution.

The Home is not a public building. No lady or gentleman would think of entering a private home without permission; hence people living outside, in calling upon members of the Home family are expected to observe the civilities.

It is expected that all students have respect for academy property; and in case of destruction of property of any kind, such as breaking windows, dishes, or tools, the honest student reports the breakage and settles for it.

Modesty in dress being conducive to sound character building, we require students to dress simply and sensibly, avoiding extremes. For girls, simple dresses are recommended. The excessive use of cosmetics, the wearing of French or other high heels, extremely narrow skirts, sleeveless dresses, low backs, transparent waists, jewelry such as necklaces, finger rings or bracelets is not in harmony with the principles of the institution, and is not permitted. We strongly urge parents to supervise their daughter's wardrobe, and save her embarrassment by eliminating anything out of harmony with these principles. We do not require uniforms.

The faculty, believing that caps and gowns are in harmony with the principles of modesty and economy, have voted that the Academic dress be worn by graduates at all the closing exercises.

Students are requested to refrain from card playing of any kind, including flinch and other like games, also such unprofitable games as checkers or chess.

Students who are not Seventh-day Adventists may attend the academy without feeling any embarrassment whatever, so long as they do not interfere with the plans for which the school is established.

It is expected that young ladies will be properly chaperoned whenever leaving the campus.

Unmarried students whose parents or legal guardians do not reside in the vicinity of the school are required to board and room at the academy. Certain circumstances might arise where an exception may be made to this rule. Such cases will be considered by the faculty upon written request with reasons fully stated by the applicant.

Students are permitted to teach or take private lessons or correspondence school work only by permission from the faculty.

Special examinations are given when necessary, in which case a fee of fifty cents is charged for each.

Should a student be absent fifteen per cent or more during the semester, his grade is forfeited and may be obtained only by special vote of the faculty.

The management provides from time to time pleasant social gatherings and outings for the students. All gatherings of whatever nature, must have a faculty chaperon, and a list of students invited must be submitted to the principal at least two days beforehand.

Borrowing and lending except by special permission is prohibited.

Parents are requested not to give permissions that conflict with the rules of the school.

School work missed just before or after Thanksgiving and winter holidays must be made up by examinations, at a cost of fifty cents for each examination.

All classes are entered or dropped by a voucher signed by the principal.

The playing of rag time, jazz or swing music is not permitted in the institution.

No firearms are allowed on the school premises.

Any regulation adopted by the faculty and announced to the school has the same force as if printed in the calendar.

The foregoing regulations apply alike to students living in the community and in the dormitories.

DORMITORY REGULATIONS

The dormitories are in charge of experienced teachers who understand young people, and are able to help them solve their problems. Constant appeal is made for sincere co-operation on the part of every student in maintaining wholesome standards of living on the principle that kindness and confidence are more efficacious than stringent rules. Careful attention is given to the study of the personality of each student, and methods are employed that will best bring out the individuality of each. In a special way the government of the Home rests upon the mutual good understanding between teacher and pupil.

It frequently happens that students are unexpectedly called for, and inasmuch as the home management should at all times know the whereabouts of those under their charge, no student should leave the campus without permission from the preceptor or preceptress.

It is desired that the school be quiet and orderly, and that students shall conduct themselves in a manner consistent with a refined home. Loud talking, running up and down stairs, entering rooms without the consent of the occupant, and scuffling anywhere in the building are out of order, and not permitted.

Heating and lighting appliances other than those furnished by the school are not permitted in the dormitories. No special wiring of any kind may be installed except by order of the management.

Several years ago a new dormitory was erected for the boys. It is a modern building with hot and cold water in every room and hardwood floors throughout. Boys having exposed nails in their shoes are required to leave their shoes in the locker room and wear slippers or smooth soled shoes when entering the dormitory.

Picture moulding is provided in all rooms. No tacks are permitted to be driven into the walls.

The school home is conducted on the same principles as are all well-regulated Christian homes. Morning and evening worship are maintained in the school homes throughout the year. The preceptor and preceptress, under whose direction the worship is conducted, give careful study to these exercises in order that all may be benefited by attending. Every student is expected to be present, and those in charge of the home require a reasonable excuse for absence.

All students are expected to attend public services on the Sabbath, unless excused by the preceptor or preceptress, in which case they will remain in their own rooms.

Owing to the modern easy means of travel, there is a strong tendency on the part of students and parents for frequent week-end visits home. This, however, has been found to be detrimental to the best interests of the school. The Board has therefore recommended that the faculty do not grant permission for such visits more often than once in six weeks, except in extreme cases. Requests should be made to the principal by the parents, in writing, several days before leave of absence is desired. In all cases the faculty reserves the right to decide as seems necessary for the best interest of the school.

Flesh foods are not served in the dining room, and must not be brought into the school homes. Parents are requested not to send food to their children, unless it be fresh fruit. Students are not permitted to take food from the dining room nor to have

food in their rooms other than fresh fruit, except in case of illness when a minimum service charge of ten cents will be made for any tray taken to the dormitories.

A student being absent from the dormitory after evening worship without permission is considered a serious violation of the rules of the dormitory.

All trips farther than Auburn from the school must be authorized by the principal.

The school is not responsible for any personal property left on the premises after a student leaves school.

Phonographs and radios are not permitted in the dormitories.

Do not bring popular music.

WHAT TO BRING

Each student should bring three sheets, three pillow slips, a pillow, a bed spread, warm blankets or comforters, towels, dresser scarf, and a cover for his study table, 30x48 inches; also work clothes, and a laundry bag. Our denominational books such as "The Testimonies," "Desire of Ages," "Christ's Object Lessons," "Steps to Christ," "Christ in Song," will be of help. No rugs, carpets or window curtains are furnished with the rooms, but should be brought by the student if desired. A few pictures for the walls are desirable. Girls should bring curtains for one window 5x6 feet. Boys should bring curtains for two windows 5x2½ feet. Girls should bring a curtain for clothes closet door which is 6½x2⅓ feet. The boys' and girls' dormitories are equipped with single beds. Each student *must* be provided with a pair of noiseless slippers to be worn during study period.

MISCELLANEOUS

How to remit. Send money by draft, check, or money order payable to Auburn Academy, not to an individual.

Students need but little spending money, and parents are urged to require a monthly statement of expenditures from their children.

Mail for students residing in the Homes should be addressed to them in care of the Academy, Auburn, Washington.

Tickets should be bought and baggage checked to Auburn, which is reached by all main line steam roads. If coming by stage from Seattle to Auburn, take the Enumclaw bus, and ask to be let out at the academy stop. Those notifying the academy are met at Auburn.

No student under fourteen years of age is permitted to reside in the school Home unless he has completed the eighth grade or has made special arrangements with the school management.

Students arriving Sunday and Monday of the opening week of school are given free transportation from Auburn to the academy. Students arriving late are charged for transportation. A charge is made for baggage hauled from Auburn at any time.

Withdrawal. If withdrawal becomes necessary for any reason, the proper method is to secure a drop voucher from the principal in order to avoid further charges for expenses.

School supplies, stationery, and toilet articles may be purchased at the academy supply store.

Automobiles may not be brought to the school by students unless they have first made special arrangements with the principal. Experience has proved that free access to an automobile during the school year is detrimental to good work.

The school assumes no responsibility in forwarding personal belongings such as clothing, blankets or books to students who withdraw from the school.

Labor credit either by students or parents is not transferable nor redeemable in cash except as authorized by Board action.

For the convenience and safety of the students the faculty members will provide transportation to and from town when necessary. A charge of ten cents per passenger will be made for this service.

It is expected that every student will be immunized against smallpox, diphtheria, and typhoid fever before entering Auburn Academy in September.

EXPENSES

By action of the Union Educational Board all academies in this Union have adopted a uniform rate of expenses as follows:

	Boarding Students	Village Students
**Board, Room, and Tuition	\$31.50 per month	
Tuition		\$ 9.00 per month
*Deposit	31.50	9.00
Entrance Fee	3.75 per semester	3.75 per semester

A 5 per cent discount is allowed on cash when accounts are settled at the close of each school month according to agreement.

The full semester rate will be charged for tuition, regardless of absence or late entrance. Students are not allowed to participate in class exercises or receive their diplomas until their accounts are paid in full, or satisfactory arrangements are made for payment.

No transcript of grades is issued for a student having an unpaid account at the academy. This is a recommended policy followed by all our denominational schools.

*Carried on the books until the last month and then credited to the last month's expense.

**Rates to be determined by Board.

LABOR

The Union Educational Board recommends that the required labor charge be included in the monthly charge of \$31.50. The student receives full credit for all labor performed, the total amount being deducted from the monthly charge of \$31.50. All labor is rated at the close of each month by the labor board, on a basis of an average of 22 cents per hour. Variation above and below this amount is made according to the faithfulness and efficiency of the student. A younger boy or girl, of course, cannot usually earn the highest, or even the average rate at first, but opportunity is given for improvement.*

Many students work two or three times the requirement, and are paid for overtime. We are glad to give this privilege whenever we have work to do, and the history of the past years leads us to believe that we shall have ample opportunity again next year. We cannot, however, promise any stated number of hours to any student. Young people vary so much in their faithfulness, efficiency, and adaptability to work given them that we might estimate entirely too low or too high and thus mislead. It is not necessary to write ahead and inquire for work, for we have no assurance that we can give one more than another. We shall do our best for all.

*Rates have been adjusted to meet government requirements.

FEES

All students are charged an entrance fee of \$3.75 at the beginning of each semester. This fee covers matriculation, library, minor medical attention, and all laboratory charges.

The matriculation and library fees are used to pay for blanks used during the school year and to maintain the library. The medical fee provides for ordinary medical supplies and emergency equipment used by those in charge of the health of the school. It does not provide for medicines that should be prescribed for each student, nor the doctor's calls nor special nurse's attention, but for emergency cases and brief illness only. A moderate charge for nursing will be made in case of a long illness.

Typewriter rental—one period daily	\$1.00 per month
—two periods daily	1.50 per month
Piano rental—one period daily	1.00 per month
—two periods daily	1.50 per month
Charge for vocal or piano music is not included in the regular tuition rate.	
Piano or vocal—one lesson per week	\$3.00 per month
—two lessons per week	5.00 per month
Graduation (diploma)	1.50
Special examinations	.50 each
Special semester examinations	1.00
Tray service to room, minimum charge	.10

COURSE OF STUDY BY DEPARTMENTS

BIBLE

HEBREW HISTORY

TWO SEMESTERS

This course begins with creation and then lays a foundation for the study of the Hebrews, beginning with Abraham, the founder of the nation. The different periods are studied with the aim of giving the student a clear understanding of the progress of events connected with the history of the Jewish people. The books, "Patriarchs and Prophets" and "Prophets and Kings" are used for supplementary reading.

NEW TESTAMENT HISTORY

TWO SEMESTERS

In this year's work the life and teachings of Jesus and the Acts of the Apostles are studied. In addition to the textbook, "Christ's Object Lessons," "The Desire of Ages" and "The Acts of the Apostles" are used for supplementary reading.

CHURCH HISTORY

ONE SEMESTER

This course is devoted to a comprehensive study of the history of the Christian Church and of the Second Advent Movement, emphasizing the struggles and sacrifices of the pioneers of our denomination and the remarkable progress which, under God, has been made in the world field.

SOCIAL PROBLEMS

ONE SEMESTER

The first part of this course comprises a study of the gift of the Spirit of Prophecy, showing how this gift has led in the Advent Movement.

The remainder of the semester is spent in a study of the book, "Messages to Young People." The purpose of the study is to determine the ethical concepts that should govern the life of a Seventh-day Adventist young person.

BIBLE DOCTRINES

TWO SEMESTERS

This year's work consists of a definite study of the faith of Jesus as held and taught in the Bible. The great fundamentals of Christian belief are considered, strictly adhering to the established faith of this people as taught in the Scriptures and the Spirit of Prophecy.

ENGLISH

ENGLISH I, Composition

TWO SEMESTERS

The first year's work in English consists of a review of the mechanics of writing, spelling, punctuation, capitalization, analysis of the less difficult sentences, narration, letter writing and word analysis. Practice is given in written and oral composition. At least two classics are studied in class and assignment is given in outside reading.

ENGLISH II, Rhetoric and American Literature

TWO SEMESTERS

Second year English involves a general study of the rhetorical principles of unity, coherence, and emphasis as applied to exposition, argumentation, narration, and description. Special attention is given to the study of the paragraph as a unit of thought. Detailed study of verbs is given with special attention to forms and correct use of verbs.

The second semester is spent in a thorough study of the American authors and their works.

ENGLISH III, Literature

TWO SEMESTERS

A systematic study of elementary literature constitutes the work of the third year English. Much attention is given to the lives and writings of the leading English authors. Typical selections from their writings are considered in class and individual notebooks are required on assignments. The literary value of the Bible is emphasized. It is the outstanding aim to cultivate in the student a taste for good literature.

HISTORY

WORLD HISTORY

TWO SEMESTERS

This year of work covers the entire historic period from the dawn of history to the present time. The object is to give the student a general survey of human events and a summary of the facts of history which will serve as a basis of future study, or as a fund of general information. Textbook and collateral reading required.

GOVERNMENT

ONE SEMESTER

The course in American Government supplies the need of an understanding of the complex socialized society of today along with the actual operation of the national, state and local governments. The Christian's responsibility and relationship to the government is emphasized.

AMERICAN HISTORY

TWO SEMESTERS

This course covers conditions in Europe leading up to the discovery of America; early colonization; growth of the spirit of independence; separation from England; formation of a national constitution, slavery and the west; the crisis of disunion; the era of reconstruction; America as a world power; the present-day problems. This is a required course. Textbook and collateral reading required.

FOREIGN LANGUAGE

FRENCH I

This course consists of a systematic study of elementary French grammar and the principles of correct pronunciation. It will include simple reading and conversation in the language.

FRENCH II

French I is a prerequisite to this course in which the work of the first year is continued. Extensive reading and practical conversation will be emphasized.

MATHEMATICS

ALGEBRA I

TWO SEMESTERS

No previous work in algebra is required for this course. It is a development of the fundamental principles of algebra: addition, subtraction, multiplication, division, factoring, and fractions. During the latter part of the year linear systems, radicals, and quadratic equations are introduced.

PLANE GEOMETRY

TWO SEMESTERS

Students not having previously completed Algebra I are strongly advised to do so before enrolling in plane geometry. This course deals with the properties of plane rectilinear figures and circles, and their relations to each other. Much time is spent in solving original problems and considerable written work is required.

SCIENCE

One of the following science courses is offered each year. Probably chemistry will be taught in 1940-41, though the choice will be determined by the need of the students concerned.

ELEMENTARY PHYSICS

TWO SEMESTERS

A development of the fundamental principles of physical science. The first semester's work deals with mechanics, pneumatics, hydrostatics, and sound. The second semester's subjects are heat, light, electricity and magnetism. Three hours of laboratory a week is required each semester.

ELEMENTARY GENERAL CHEMISTRY

TWO SEMESTERS

This is a thorough introduction to modern chemistry. Physical and chemical properties of the common elements and compounds are noted. It is planned that considerable emphasis be given to the industrial preparation and use of important chemicals. Valence, equations, and the time-tested theories receive their proper emphasis. Three hours of laboratory a week is required in each semester.

BUSINESS

BOOKKEEPING

ONE SEMESTER

"The common branches must be thoroughly mastered, and a knowledge of bookkeeping should be considered as important as a knowledge of grammar. To spell correctly, to write a clear, fair hand, and to keep accounts are necessary accomplishments. Bookkeeping has strangely dropped from out of school work in many places, but this should be regarded as a study of primary importance."—Counsels to Teachers, p. 218.

This course offered in bookkeeping is very thorough and practical. At the beginning of the course the very simplest business transactions are introduced, and blackboard illustrations of the theory of debit and credit make the principles of bookkeeping plain. Bookkeeping is largely a matter of individual practice, and students are advanced as rapidly as the subject is thoroughly mastered. One semester is required, a second semester may be taken.

TYPEWRITING

TWO SEMESTERS

A course is offered in 20th Century Typewriting in which the student learns concentration and accuracy. Because of the fact that many students in typing will study the subject for only one year and will not use the subject for vocational purposes, personal-typing problems are introduced early. The student, therefore, acquires skill that he can use in his school work. 30 words first semester, 40 words second semester.

SHORTHAND

TWO SEMESTERS

Every typist knows that shorthand and typing are the so-called twins of the modern business office. If there is sufficient demand we offer a class in Gregg Shorthand.

VOCATIONAL SUBJECTS

One vocational subject is required for graduation. Two may be taken. The vocations include cooking, sewing, baking, woodwork, agriculture, shop, and home making.

ECONOMICS

TWO SEMESTERS

A large part of the first semester will be devoted to "clothing"—selecting, designing, and sewing. A large part of the second semester will be devoted to "Foods"—healthful menus, preparation, cooking, and serving. Ten hours each week will be spent in the classroom and laboratory practice.

WOODWORK

TWO SEMESTERS

The woodwork shop is furnishing work for approximately sixty-five to seventy-five boys. This industry offers an attractive opportunity for able and willing workers to earn part of their school expenses and at the same time gives excellent industrial training.

A one unit course in elementary woodworking is offered. This gives a training in the proper care and use of both hand and power tools, joinery, furniture construction, and wood finishing.

MUSIC

PIANO COURSE

For one unit of credit, there must be practice and lessons to a total of 360 hours. Any two parts of the work outlined will constitute one academic unit.

An examination is to be given at the end of each semester's work, including the following:

1. All technic during the semester.
2. One study.
3. One classic. (One must be played from memory.)
4. One piece. (One must be played from memory.)
5. One hymn. From the list of ten hymns.

One unit of credit will be given in piano in the secondary school.

PIANO PRACTICE

Should the student fail to practice during his assigned hour, he is required to present a properly signed excuse to the teacher.

Students are expected to attend their lessons regularly and promptly. Tardiness and a single absence is a loss to the pupil.

ORCHESTRA

Students having orchestral instruments are urged to participate in the school orchestra. Ensemble playing provides valuable training for the student as well as being a source of pleasure.

DIRECTING

A directing class is organized for those interested in learning to direct church music.

VOCAL

A chorus, quartet and other musical groups are organized for those interested in voice culture.

COURSES OF STUDY

A student is admitted to the academic course upon the presentation of an Eighth grade Certificate or grades from accredited schools, or lacking these, upon passing satisfactorily examinations in subjects for which credit is claimed. Students are required to present grades from other schools upon matriculation.

To be graduated from the academic course a student must show evidence of good moral character, and meet these requirements:

1. Sixteen units of regular subjects are required for graduation. A unit is the value given to the work done in a subject covering thirty-six weeks of five 45-minute recitations each.

2. In language study, two years of the same language are required for any credit. Students may be graduated without a foreign language, but two years of one is required for college entrance.

3. Three years of English.

4. Two and one-half years of history, including American History and Government.

5. One year of mathematics.

6. One year of science with laboratory. (11 or 12 grade work.)

7. One year vocational subject—cooking, sewing, shop, baking, agriculture, etc.

8. One semester bookkeeping.

9. One Bible subject for each year in S. D. A. schools.

No semester grades are given students until their accounts are settled in full.

Students are advised to enter upon a regular course of study if possible. Irregular students labor under a disadvantage because the daily program is arranged to meet the demands of the regular course.

Grade cards are issued each six weeks, a duplicate copy being sent to parents.

Students coming from accredited public schools receive full credit for the work taken there, and should the course of study differ from that of our academy, proper substitution is allowed.

Incompletes on subjects must be removed within the semester following or no credit is allowed. Work must be made up with the school where the subjects were pursued.

Completion of our academic course meets the requirements of Walla Walla College for college entrance, as well as every other college in the denomination.

Dear Mrs. Batchelor.
Love enjoyed knowing you and
count you as one of my friends. Sam also
glad that my brother has such a splendid place
to stay.
May the Lord ever Bless you.
A sincere friend

We Appreciate Your Patronage

IMPROVEMENTS! . . . *we'll say so!*

- We're almost ready to move into our big, new modern building so that we can give you better, more complete service! If you're in College Place this summer stop in and let us show you through this brand new plant—we're mighty proud of it!
- But that isn't all! No Sir! We've just bought some new typesetting machinery that gives us lots of "new faces"—"the better to serve you with!"
- Why not consult us about that next printing job—big or little? We're really no farther than the corner mailbox!
